

Hello CMIT community

This year is my second year here at CMIT. I have been an educator since 2000. Before CMIT, I worked in Arizona as a teacher and administrator in elementary, middle and high school setting. I earned a science degree in college and have a masters degree in educational leadership. I have been married with a beautiful women for 13 years, I have a son and two daughters. I am a bike rider and a camping fan. I play basketball.

Greetings Parent(s),

It is a pleasure to serve as one of the Program Coordinators this year. It is my job to make sure the school wide plan is designed and implemented to create a safe environment for learning. I am eager to provide you with CMIT Elementary policies and procedures that will ensure a safe environment for all faculty and staff, but most importantly your child. There are school wide expectations that will be taught the first two weeks of school by your child's teacher. These expectations will be posted throughout the school building. You will find in our parent handbook steps the teachers will take to correct behavior and reward behavior and steps that I will take to ensure a safe, positive environment. You can find the handbook on the school website.

Parents, you are my teammates in making sure CMIT Elementary School is the best it can be. I look forward to working with you this year. If you have any questions after you have read your handbook, please contact me using the contact information listed below.

Respectfully,

Tenika Fryson M.Ed., ABD.
